

Welcome. These rules are designed to ensure that your visit is safe, entertaining, and comfortable. Enjoy yourself. Play safe. We want your visit to be so positive that you'll be excited to come back again and again.

- **NCN Dungeon House Rules:**

Illegal Drugs are prohibited. If you are found to have illegal drugs on you, you will be asked to leave & the staff may even call the police.

BDSM Play and alcohol don't mix. Drunken behavior will not be tolerated – drink within the bounds of sobriety. ONLY bottled water and soda are permitted in the Dungeon. If the DM's believe you are impaired your scene will be stopped.

- **All play is to be consensual.** Guests agree not to injure or in any way cause any bodily harm to another individual or themselves *which is not specifically negotiated between players in advance*. Any extreme play must be discussed with & agreed to by the DMs before the scene starts. Get permission from the DMs before beginning any single tail whip, takedown, loud, or potentially messy play scenes.

The standard safeword is "RED". If the safeword is used then the scene is over.

“Yellow means proceed with caution.

- **Dungeon Monitors** must be obeyed.
- **Clean up after yourself.** Guests shall wipe down equipment after use to remove sweat and bodily fluids, using the supplies provided, and prepare it for the next players.
- **Wankiness will not be tolerated** (masturbating when not in scene).
- **Please don't socialize in the play area**, as it can be distracting to scenes. Please keep your voices down and do not laugh out loud. Reserve questions or comments for after the scene is finished. Distractions cause submissives to come out of subspace and will ruin the scene. You will be asked to leave the dungeon space if your behavior is inappropriate.
- **No locks are allowed on any equipment.** Quick release must be accessible with no keys or any other tools needed.
- **Do not set or leave your toys on the play equipment.** You cannot “reserve” equipment for later use. Be considerate of others who want to use the equipment.
- **No cameras.** We have a house photographer, who will be able to take your photograph if you wish, but to maintain the privacy of our guests, no cameras (including camera phones) are permitted at our events. If you must have your phone with you silence the ringer, keep it in your bag or pocket and exit the dungeon before you use it.

General Terms & Conditions

- Guests must be over 18 to attend any function. State issued ID will be checked at registration.
- Rights of Admission are Reserved. The management reserves the right to refuse entry to any party at their sole discretion.
- Guests attendance of the event is entirely at their own risk.
- Guests accept any and all responsibility for their actions and will be held responsible for their actions. Disruptive behavior is cause for expulsion without refund.
- All equipment provided are novelty items only and Guests use of any equipment is entirely at their own risk.
- Guests accept responsibility for checking any equipment and the immediate environment before use, for its suitability and safety for intended use.
- The Organizers/Management/Staff accept no responsibility whatever, for any injury, damage, loss or any other outcome caused by any means.
- It is customary for Guests to bring personal toys or equipment – please keep in mind that they do so at their own risk.
